What is the Law of Attraction?

The law of attraction states that you will attract into your life what you think about, what you visualize in your mind. The law of attraction is not a new concept. In fact, this “science” has been understood by many for thousands of years. Early examples of this understanding even appeared in the bible.

“Where there is no vision, the people perish.” Proverbs 29:18 (Old Testament)

WHAT IS YOUR VISION?

“Whatever is true, whatever is honorable, whatever is right, whatever is pure, whatever is lovely, whatever is of good repute, if there is any excellence and if anything worthy of praise, let your mind dwell on these things. Phillipians 4:8 (New Testament)

The key words above are *vision* and *mind*. What you envision in your mind, you will create.

The “Greats” understood the law of attraction and its power to create anything we want.

“Any fact facing us is not as important as our attitude toward it, for that determines our success or failure. The way you think about a fact may defeat you before you ever do anything about it. You are overcome by the fact because you think you are.” Norman Vincent Peale

“A man who thinks he can and a man who thinks he cannot, are both right.” Henry Ford

“What this power is I cannot say. All I know is it exists and it becomes available only when a man is in that state of mind in which he knows exactly what he wants and is fully determined not to quit until he gets it.” Alexander Graham Bell

Other “Greats” understood that looking at something differently changed what we were looking at. This works with how we feel about something as well.

“The real voyage of discovery consists not in seeking new landscapes but in having new eyes.” Marcel Proust

“We either make ourselves miserable or we make ourselves strong. The amount of work is the same.” Carlos Castaneda

And finally, many of the “Greats” understood that OUR choices dictate in whole how our lives will be lived.

“The question for each man to settle is not what he would do if he had the means, time, influence and educational advantage, but what he will do with the things he has.” Hamilton Wright Mabey

What Will Vision Coaching Do for YOU?

The coaching industry is almost entirely based on the law of attraction! As your coach, I will help you articulate and clarify goals in a way that will cause the Universe to respond in a positive manner.

I will help you determine upon which resources, provided by the Universe in response to the desires you put forth, to take action.

I will also keep you laser focused and help you keep your vision even when you feel like giving up.

HOW HAVE YOU DEFINED YOUR FUTURE?

In the words of Thomas Alva Edison: “Nearly every man who develops an idea works it up to the point where it looks impossible, and then gets discouraged. That’s not the place to become discouraged.”

The law of attraction is based on hard science. To understand this concept puts you in your own driver’s seat. You have the power to create any life you want. The very hardest question ever to answer with any clarity is: What Do YOU Want? I will help you get that clarity!
